What is Glen Creek Lodge?

Men's Residential Program

Glen Creek Lodge is a gender-responsive and trauma-informed residential treatment program for adult men with substance use disorders. Glen Creek Lodge provides intensive and comprehensive treatment services in an intimate environment. Each resident receives personal attention and support as he becomes a member of a healing community of men.

This sixteen-bed facility is within close distance of a lake and a picturesque park with many walking trails. The building and grounds have been designed to create a homey and intimate setting where men can begin to heal from substance use disorders. The Lodge offers a safe, structured, and supportive environment; developed by men, for men.
