

River Ridge Recovery invites you to a Lunch and Learn Training featuring Peter Feeney at our new Plymouth clinic location

Complimentary lunch for all in person participants!

TRAUMA RESPONSIVE CARE IN A POST-APOCALYPTIC WORLD

[Three Training Dates]

April 27th * May 18th *
June 8th

Noon to 2PM

Each training will build upon the previous session, but may be taken independently as well. Participants may attend in person or via zoom.

WHAT WE WILL EXPLORE:

- How trauma responsive care was impacted by the pandemic
- How clinicians walk in a parallel process with our clients. It turns out no one was immune
- What was it like to be in pandemic adaptations continually, with ever changing situations and false hopes
- How do we reconcile the impact on ourselves to help our clients
- Knowing that there is no return to pre-pandemic, what are the nuances that were lost and how do we bring this back in a different environment
- How do we identify our own resiliency and utilize it to create a new normal
